Church Plans Mission Study

Bowman Memorial Methodist Church will begin a mission study. "The Gospel According to Mark." Wednesday night, Jan. 2, at 7 p.m.

Visitors are cordially invited and church members are urged to participate in this study.

March Date Set For New Church

Construction on the new First Baptist Church will probably commence in March, Gene Parker, chairman of the building committee, announced today.

Parker said invitations for bids on the work are now being issued to contractors.

Construction of the church is being financed through a \$125,000 Small Business Loan and a \$75,000 pledge and subscription drive.

The new church building will be on the site of the present one, to be razed in the near future.

The building will be of steel frame and finished in brick and limestone. The front will feature three arched doorways and three arched stained glass windows. Windows along either side will also be of stained glass.

Seating for the building will be increased from 320 to 688. The main floor will seat 372 and a balcony along both sides and the front of the church will seat 260. A permanent choir section behind the pulpit will seat 56.

The church will take in the present yard along the right side. A narrow walkway, leading to the educational building, will pass between the church and the Smith Maytag building.

Height of the church, measured from the

Dr. Dickey To Speak At Program

The Sixth Annual Hazard Civil Night, sponsored by eight local civic bodies, will be held Friday night, 6:30 p.m. at the V.F.W. club.

Highlight of the event will be the presentation of two awards—one for the outstanding young man, and the other for the outstanding citizen.

Principal speaker for the event will be Dr. Frank Dickey, president of the University of Kentucky. He will be accompanied here by his wife.

Sponsoring the event are the Hazard Chamber of Commerce, the Hazard Junior Chamber of Commerce, Beta Sigma Phi Sorority, Business and Professional Women's Club, Hazard Kiwanis Club, Hazard Lions Club, Hazard Rotary Club and the Perry County Development Association.

Dr. Dickey attended public schools in Wichita Falls, Tex., and in Lexington. In 1935 he was graduated from Henry Clay High School, Lexington, receiving the Josten Medal for highest scholarship in his class.

President Dickey received his undergraduate college education at Transylvania College, Lexington. He was graduated *summa cum laude* in June, 1939.

The University of Kentucky awarded Dr. Dickey the Master of Arts degree in 1942 and the Doctor of Education degree in 1947. During a year's leave of absence from the University in 1952-53, Dr. Dickey did post-doctoral work at Harvard University with major emphasis on administration.

Dr. Dickey's full-time teaching experience began while he was still a senior in college. After completing all of his course requirements at mid-year, he accepted a position as teacher of speech, dramatics, and English at Bryan Station High School, Fayette County. In September, 1939, he became a teacher in the Lexington school system, remaining there until he entered the armed forces in 1943.

During the summers of 1941-42-43, Dr. Dickey did investigative work relative to persons who were being considered for employment in war-connected agencies or for direct commissions into the armed forces.

From October, 1943, to February, 1946, he served in the U.S. Army, reaching the grade of master sergeant.

Following his discharge from the Army, Dr. Dickey served as a graduate assistant in the UK Bureau of School Service. After receiving the advanced degree in 1947, he remained on the faculty of the College of Education as an instructor in the field of secondary education and administration. In 1949 he became the chief administrative officer of the Bureau of School Service and six months later he was appointed Dean of the College of Education.

A native of Breathitt County, Sgt. Elkins died Jan. 10 at the Lutespensean Army Hospital, San Francisco, Calif.

The son of Mr. and Mrs. Elbert Elkins, Lomouth, Calif., Sgt. Elkins also survived by his wife, Mrs. Mable I. Elkins, and a son, Samuel David, of California; two brothers, Berry and Robert Elkins, of California; and three sisters, Mrs. Ada Hoskins, Hamilton, Ohio, Mrs. Audrey Tinscher, of Michigan, and Mrs. Mary Lowe Wakefield, Cal.

Property Owner Balk At Sale Of Urban Sites

Hazard's Urban Renewal Project ran into difficulties among property owners at a public hearing held here this afternoon at city hall.

During an hour session of the Municipal Housing Commission, a vocal group of property owners let it be known that while they favor the State laying a road through the property, they aren't receptive to giving up land along either side of the street.

Several present questioned whether the city needed the land as a parking lot—pointing out the capacity of the city's present municipal parking lot.

Another property owner, represented by a local attorney, told members of the housing commission that his client will light any condemnation proceedings.

The attorney said the area is not a "blighted area," not a "slum area" and not needed by the city.

Upper most in the minds of several property owners was the question of whether, once the city gained possession of the land, it would be sold. Also questioned was how it might be sold.

Members of the housing commission noted the city plans to use the area for parking. The commission, has the power, however, to sell off the land for private use. Other than for a service station, any building constructed in the area must be elevated 13 feet above the ground.

Miss Melton Wins Honor

The Betty Crocker Homemaker of Tomorrow in M. C. Napier Memorial School is Shirley Marie Melton.

She received the highest score in a written examination on homemaking knowledge and attitudes, administered Dec. 3, to senior girls in the graduating class.

Her examination paper will be entered in competition to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runner-up award in the state. For her achievement, she will receive an award pin designed by Trifari of New York.

Each State Betty Crocker Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip with her school advisor to Washington, D. C., colonial Williamsburg, Va. and New York City. A \$500 scholarship will be awarded the second ranking girl in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American Homemaker of Tomorrow will be increased to \$5,000. Girls who rank second, third and fourth in the nation will receive \$4,000, \$3,000 and \$2,000 scholarships, respectively.

Virus-Free Strawberries Have Higher Yield

Comparison of virus-free and non-virus-free strawberry plants in 1957 at the Kentucky Agricultural Experiment Station showed the virus-free much higher in yield.

C. S. Waltman, horticulturist, noted the virus-free type ranged from 108 24-quart crates higher per acre down to 64 24-quart crates in the test. Thus, a farmer with virus-free strawberries could have grossed as much as \$648 an acre more than normal, due to increased yields figured in number of crates.

The various viruses cause plant-stunting, fruit-drop, and a slowed-down plant growth, Waltman pointed out.

Tennessee Beauty topped the eight varieties tested. The virus-free TB's yielded 453 24-quart crates per acre, compared to 355 24-quart crates for the "virus-plants." The difference in yields was 108 24-quart crates per acre; these 108 crates, at approximately \$6 apiece, would have meant \$648 extra to the planter.

Other results: Sparkle, (the only red-stem resistant variety in the test), 339 crates for the virus-free, 249 for the virus-plants, 90-crate yield differential; Caiekill, 334 crates and 247 crates, respectively, an 87-crate difference; Pocahontas, 331 and 244, 87-crate difference; Ten-

Coal Industry Set Record For Safety In 1957

A new safety record in Kentucky coal mining was achieved in 1957, James H. Phalan, chief of the Department of Mines and Minerals, has announced.

He said 1,228,800 tons of coal per fatal accident were produced in the State last year. This is the highest tonnage in relation to coal mine deaths ever recorded by the industry in Kentucky, Phalan added.

He said the previous high tonnage was attained in 1955 when 1,208,785 tons per death were produced. Phalan added: Production last year totaled 74,940,000 tons. There were 61 fatal accidents. In 1956 production totaled 75,934,180 and fatal accidents 75, resulting in 1,012,456 tons for each coal mining death.

Fatal accidents due to falls of coal mine roofs declined from 47 in 1956 to 40 in 1957, a 15 per cent reduction.

Phalan said: "The year 1957 has shown us that through concentrated efforts of all concerned, work-

71-crate difference; Dixieland, 306 and 216, 90-crate difference; Blakemore, 252 and 195, 57-crate difference; and Fairfax, 251 and 187, 64-crate difference.

Waltman said the tests pointed out conclusively that use of virus-free plants is "money in the pocket for the strawberry grower."

ing together toward a common goal of better safety education, that accidents can be reduced. Now 1957 is history but 1958 lies ahead as a greater challenge than ever before with the streamlined or modern methods of mechanical mining coming into their own. The mining industry is being confronted each day with new problems of safety in addition to the old ones."

Phalan extended special applause to the efforts of Supt. John Coyer and employees of the Republic Steel Corp. mine at Elkhorn City which has completed 26 consecutive months of operation without a lost time accident. During that period 240 safety-conscious miners produced 1,786,500 tons of coal, Phalan said.

Recipe of the Week

To add that desirable "different" flavor to foods, get acquainted with fresh mushrooms, now generally available at food markets. Their use on meats is well known, but they are equally delicious with vegetables.

To prepare fresh mushrooms, wash, then snip away the end of the stem; slice and saute in butter until a delicate brown. Fresh mushrooms shrink to about half their original volume when cooked, but the flavor goes a long way.

Food specialists at the University of Kentucky suggest this use of mushrooms with vegetables:

Vegetable Casserole

- 1 pkg frozen green beans
- 1 pkg frozen lima beans
- 1/4 lb. fresh mushrooms
- 2 T butter
- 2 T flour
- 1 c milk
- 1/2 t salt
- Pepper
- 1/2 c buttered bread crumbs
- 1/4 c grated cheese

Cook the frozen vegetables according to package directions until slightly tender but not overdone. Drain well. Saute mushrooms in butter, stir in flour and add milk all at once, stirring until thickened. Place vegetables in a casserole, add mushroom sauce and top with buttered bread crumbs and grated cheese. Bake in a moderate oven, 350 degrees, for 25 to 30 minutes. Serves 6 to 8.

Canned mushrooms or mushroom soup may be substituted for fresh mushrooms.

Menu: Baked ham, vegetable casserole, apple-celery salad, corn muffins, butter and prune whip.

D. & B. Has 417 Perry Listings In Book

Today, Dun & Bradstreet, Inc.'s 154 United States offices are mailing annual requests for years-end statements to 2,675,094 business concerns listed in the Dun & Bradstreet Reference Book, an increase of 25,312 over a year ago. Ninety-eight years ago, the first Reference Book published contained 18,513 U.S. business listings for 26 states. Today 34 of the 48 states have more business listings than the entire country had nearly a century ago.

Included in this mailing are 40,414 business owners in Western and Central Kentucky and Southern Indiana. Preston Hendrick, District Manager, at Louisville which handles credit reporting for 102 counties in this area said requests are being sent for the first time to 5,250 concerns which were newly listed during the past year.

The Reference Book which Dun & Bradstreet publishes 6 times a year covers listings in 57,000 communities in the United States. During the past 60 days nearly 63,000 new names were added and approximately 60,000 names were removed. Credit ratings were changed during this period on more than 100,000 businesses.

The Perry county section of the current issue of the Dun & Bradstreet Reference Book contains 417 listings. Jefferson county, Kentucky leads all other counties with over 8,000 and Louisville 7,469 of that amount.

As one phase in revising credit ratings and keeping them up-to-date, every year the credit reporting agency writes to all businesses who are listed in the Reference Book to request their year-end balance sheets. Rendrick says that this letter speeds up the flow and processing of some of the facts on which credit ratings are based. "More than 95 per cent of all commercial transactions in the U.S. are made on credit terms," he added. "The purpose of the Reference Book is to help business men in any part of the country make credit decisions to ship or sell to business men in any other part of the country."

The credit rating is one of the key factors in approving orders to ship or sell. The rating consists of two symbols. The first, a letter of the alphabet, indicates financial strength or tangible net worth of the business. The second symbol is a number. It reflects a composite appraisal of the background, operations, financial stability, and payment record.

Each Reference Book listing (which includes the rating), is a condensed summary of the information contained in the Dun & Bradstreet credit report. The report includes a history of the business (who owns it, who runs it, and how long it has been operating), a description of what the business does and how it does it, a financial section (which usually includes the latest financial statement), and a record of how the concern pays its bills.

While credit reports are

primarily used by business men who want to evaluate the credit risk before shipping or selling, insurance underwriters also use credit reports to review risks, rates, and coverage for fire and other types of insurance.

Edmonton

Edmonton, overlooking the Little Barren River, is the seat of Metcalfe County. The town was named for Edmond Rogers, a soldier of Virginia, who came to Kentucky after the Revolutionary War. He acquired 20,000 acres of land and a large number of slaves and laid out a town here.

The Former Miss Ella Ray McIntyre

Miss McIntyre-Mr. Haynes Vows At First Baptist Church, Sunday

The marriage of Miss Ella Ray McIntyre, daughter of Mr. and Mrs. John McIntyre of Hazard, to Mr. Herbert Hoover Haynes, son of Mr. and Mrs. Herbert Haynes, also of Hazard, was solemnized at 3 o'clock Sunday afternoon at the First Baptist Church. The Rev. Winn T. Barr officiated at the double ring ceremony.

The vows were exchanged before a background of emerald foliage with baskets of white gladioli and pink pompons and lighted pink tapers in wrought iron candelabras.

A program of nuptial music was furnished by Mrs. Ben Fitzpatrick, organist, and Mr. Ray Gene Cornett, vocalist, who sang "Because," "If I Could Tell You," "Wither Thou Goest" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of white satin with bodice of chantilly lace and overskirt of net with tiers of lace. Her veil of illusion was held in place with a satin headpiece embroidered with pearls. She carried a bouquet of white gladioli florets centered with a white gladioli and tied with streamers of white ribbon.

Miss Margaret Gorman, maid of honor, wore a waltz length dress of sapphire blue velvet featuring a bateau neckline with a burst of fullness in the back at the waist line. Her head band was of pink satin and she carried a colonial bouquet of pink pompons tied with pink ribbon.

The bridesmaids, Mrs. Arnett Strong and Miss Eunice Dixon, wore identical frocks of American Beauty Merriam Velvet made along princess lines with bodice of imported lace. Matching headbands of velvet completed their ensemble. They carried colonial bouquets of pink pompons.

Miss Judy Haynes, sister of the groom, was flower girl and wore a floor length gown of pink taffeta and carried a basket of American Beauty pompons.

Mr. Herbert Haynes, father of the groom, was best man.

Ushers were Mr. John Dixon McIntyre, Middletown, Ohio, brother of the bride, Mr. Robert McDaniel, Cincinnati-in-law of the groom, Mr. Don Rose, Oakridge, Tenn., brother-in-law of the groom, and Mr. William H. Cornett Jr., of Hazard.

The mother of the bride chose for her daughter's wedding a street length dress of Mauve Pink lace with matching accessories. Her corsage was a white gladioli.

The groom's mother wore a street length dress of blue lace with matching accessories, and her corsage was also a white gladioli.

A reception was held in the church parlors immediately following the ceremony. The bride's table was covered with a white maderia cloth and held

a three tiered wedding cake topped by a colonial bouquet of pink pompons. A chain of pink pompons surrounded the cake flanked by lighted pink tapers in crystal candelabras. Assisting in serving were Mrs. Jack West, Mrs. Herbert F. Charles and Mrs. Alvin Davis.

For her going away costume the bride wore a blue knit dress and jacket with matching accessories and a white gladioli corsage.

Following a short honeymoon the couple will live in Owensboro.

Mrs. Haynes was graduated from Hazard High School and has been employed by the General Motors Acceptance Corporation. She is transferring to the Owensboro office of G. M. A. C. The groom was graduated from Hazard High School and Georgetown College where he was a member of Kappa Alpha Fraternity. He received his law degree from the University of Kentucky, and is employed by the State Farm Mutual Insurance Company in Owensboro.

Rehearsal Dinner Given By Mr. and Mrs. Haynes

Mr. and Mrs. Herbert Haynes entertained with a dinner at their home in Walkertown on Saturday evening, honoring members of the McIntyre-Haynes wedding party.

The table held an arrangement of pink carnations and pink tapers in silver candelabra.

Attending were Miss Ella Ray McIntyre, Mr. Herbert Hoover Haynes, Miss Margaret Gorman, Miss Eunice Dixon, Mrs. Arnett Strong, Mr. and Mrs. John McIntyre, Mr. and Mrs. Robert McDaniel, Mr. and Mrs. Don Rose, Rev. and Mrs. Winn T. Barr, Mr. and Mrs. William Cornett, Jr., Mr. and Mrs. George W. Combs, Mr. and Mrs. Ben Fitzpatrick, Mr. and Mrs. Ray Gene Cornett, Mr. John Dixon McIntyre and Miss Judy Haynes.

Mr. and Mrs. Stiles Hosts Women's Fellowship

The Women's Fellowship Society of the Hazard Christian Church met at the home of Mr. and Mrs. Stiles on Lytle Boulevard on Jan. 7. Miss Virginia Hay based the devotional on "Be Ye Perfect."

As the study for the next six months will be on Japan, Mr. and Mrs. Stiles showed color slides of Ancient Shrines and Christian Institutions taken on their tour of the orient in 1955. Many Japanese curios were on display and tea was served to those attending in oriental style.

Mrs. Howard Hatmaker Honored At Shower

Mrs. John H. Morgan, Misses Mary Morgan and Jean McIntosh were hostesses to a bridge-canasta party and stork shower in honor of Mrs. Howard Hatmaker at the home of Mrs. Morgan in Woodland Park on Thursday evening.

High canasta prize was presented to Mrs. Herbert Charles 2nd high canasta, Mrs. Charles Igo and low canasta to Mrs. Bruce Stephens. High Bridge was won by Mrs. Virgil Willis 2nd High, Miss Doris Hall and low, Mrs. Robert France.

Playing were Mrs. Joseph Castagnaro, Mrs. Eugene Combs, Mrs. Denver Robertson, Mrs. Charles Simpson, Mrs. Bruce Stephens, Mrs. George Vaughn, Mrs. Don Ward, Mrs. Virgil Willis, Mrs. J. W. Advisory Council Perry Homemakers Clubs Meets

The advisory council of the Perry County Homemakers' Clubs met at the Power Company Auditorium on Jan. 16 at 10 a.m. Plans for attending the Farm and Home Week to be held in Lexington on Jan. 29 through the 31st were discussed and program plans for the coming year were made.

A special guest at the meeting was Mr. Paul Keen, Perry County Farm Agent. All clubs were represented with the exception of one. Mrs. M. H. Steele and Mrs. Katherine Lowery were elected delegates to attend the meeting in Lexington. The next meeting of the council will be on Feb. 16.

VIRGINIA THEATRE

WEDNESDAY, THURSDAY & FRIDAY

DOUBLE FEATURE

Boys, it suddenly has come to an end, that I am speaking of is your present hunting season. Many of you have had your share of luck, also many of you state that you did not find the game as you expected. Did you ever stop and think just how hard did you want? Did you put the amount of effort into your hunt as you have in the past? Did you check on the places you hunted early in the season, with what could have happened later on in the season?

Dr. F. F. Shelton gave me a very good example of this. He stated that eight in his party journeyed down to Indian Fields early in the season. All got their limit. Believe, he went back with not too much luck.

Boys, that was forty eight rabbits killed out of one area. You just can't keep hunting over the same area over a period of time.

Fellows, we have a big increase in hunters from year to year. If you make a good kill in one area. Please, don't forget that before you plan your next hunting trip that several other hunting parties have already gone before you. I would suggest that you make your contacts on several areas that you plan to hunt.

Family Relief

I know that it is a relief to many of you good wives of these hunters that have rolled out of bed in the early hours of the morning to fix their lunch and the coffee bottles, also at the same time to fix your baby bottles.

To you wives of the men that go hunting I am sure that you deserve a medal, you might have to go to heaven to collect it, because as long as we have hunting and fishin and if you married one of these type men. I predict that there will be no cure for him. I doubt very much that you will want to cure him of a habit that is wholesome, that is taking him to due great outdoors.

Especially if he is a man that works in our mines, or around them. I know of none other that needs the fresh air and water as much as he. Or your man that works inside anywhere, store, office, or outside work, no it won't hurt.

Between Seasons

Yes, I would say from now on until fishing really picks up. Many of you fellows will be in a daze. Just wandering around and wondering what you will do until the season for fishing will really break. I would suggest that you start a planning program all of your own, just start taking your problems to your local fish and game club, now would be a good time for you to start attending their meetings. Ask yourself what I can do to help.

The 1958 membership drive is already under way. How many members could you get if you really tried. If you really like to hunt and fish. I would say that it is up to you to lend your support.

Your new President of the Perry Fish and Game Club is Dan Melton. He will do you a good job providing you lend him the support that he needs to carry on for the coming year. Just because the season has ended is no reason

for you to forget it until next year, pitch in and help Dan in the work that he is interested in to help you. Boys, get on the ball.

Suggestions

Fellows, I have heard many suggestions in regard to how the hunting season should run. Many state it should close on a weekend, others state that it should open on a weekend. Others say that bad weather knocked them out of several hunting trips.

Fellows, I would say that your seasons are set for the best interest of all of you by your Dept. of Fish and Wildlife Resources. Boys, they have no control of the good man above, he is the one that regulates the weather not you and I. So as long as we believe in him we must abide by the weather, whether we like it or not. Why not get accustomed to your family again, warm your shins by a good fire, coax the kids up to you so that they will really know you again. So they won't be running from room to room hollering "Mama" there is a strange man in the house.

I am confident that many of you have left home long time before the kids got up, you also arrived home after they had gone to bed. I would say you have had a good time regardless of the kill you made. Now you are tired. In fact I would say many of you are glad hunting season is over. Few days around home will make you a new man again. After that rest period boys start thinking of your next season now. Join your Local Fish and Game Club become a part of your pleasures. Mail your dues in \$1.00 to Box 812, Hazard, Ky.

Nice Hearing

From you Mrs. Willie B. Caudill up Blackey way. Folks, she is only 77 years old, spry as a cricket, as she states that she had met more of her kin. Folks, on this past Christmas Eve than she had ever known. Including my family, sure nice talking to you kinfolks Mrs. Willie B. Caudill. Why not come to visit us more often?

To you Mrs. Mary Sue White, I will pray along with you that we never see the waters this year or any other year get as high as they did this past Jan. 29. Mrs. White is head of the Mountain Child Welfare Mission. She was just wiped out during the flood of 1957.

Glad to know that you along with many other people in our area have made such a gallant come back against old man river. I know that you along with all others will sanction a program that will forever prevent such a catastrophe such as this ever befalling upon the valley that we call home.

We can't forget it so soon, yes we have made much progress in rehabilitating, we need something now to prevent, contact your Congressman, your Representative, Eastern, Ky. has been denied many projects. Why not go after them, we are entitled to some consideration. Folks, public demand will get the job done. It is up to you.

Don't sit idly away, John, and Henry can't carry your burdens, you must lend your support, get busy today.

State To Take Bids On Main

Bids for surfacing East Main Street in Hazard from Maple street to Park Street will be now being received by the State Highway Department in Frankfort. The distance, approximately 500 feet, call for grading, drain and blacktop surfacing.

Let us demonstrate America's lowest priced 4-wheel drive truck

Extra traction of its 4-wheel drive takes the 'Jeep' Truck up 60% grades—through mud, snow, sand. It shifts into 2-wheel drive for highway travel.

Handling: The rugged 'Jeep' truck carries a one ton payload... 63% of its curb weight 6,000 lbs. G.V.W., 118 inch wheelbase.

Towing: With the extra traction of its 4-wheel drive, it tows heavily loaded trailers, on the road or off the road.

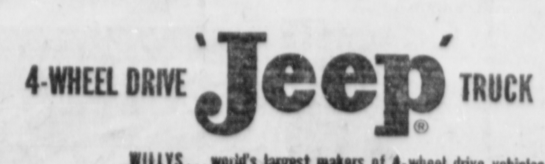

Belt power: With power take-off, it serves as a power unit for operating many types of belt-driven equipment.

With power take-off, it simplifies power to operate welders, compressors, generators.

Mobile drill, mounted on the 'Jeep' truck, is operated from the truck engine, through power take-off.

COUNTY AGENTS' NOTES

South American Guests of 4-H Clubs

Paul Keen
County Agricultural Agent
John Caudill
Associate County Agent

Oscar Churaman, Director of 4-H Club work of British Guiana, and J. W. Whitehouse, past State Leader of 4-H Club work in Kentucky, were in Perry County last Tuesday and Wednesday to observe 4-H Club work. Mr. Churaman is making a study of 4-H Club work in the United States in order to initiate the 4-H Club program in British Guiana. He stated that 4-H Club work in British Guiana was started two years ago and at present, they have twenty-two 4-H Clubs and fifteen hundred members.

The group visited 4-H Club projects at Brack Feltner's on Lost Creek and at J. E. Moore's on Second Creek on Tuesday and on Wednesday attended 4-H Club meetings at the Whitaker and Combs 4-H Clubs. They were especially impressed with the 4-H Club meetings and the programs of Whitaker and Combs Clubs and complimented the leaders and 4-H members on work they were doing.

We are honored to have such distinguished visitors here in Perry County. Foreign visitors from many parts of the world visit the United States to study our Extension program. We are glad to be able to assist in whatever way possible.

Check Laying Flocks

Check the laying flock for cull birds now, since the feed-egg ratio is "not too favorable" and probably will not improve much the rest of the year.

This practice is in order whether the flock is for home use, for market eggs, or for broiler egg production, since broiler prices also are low now.

Look for birds out-of-condition or overly fat and broken down in the abdomen, for long, thin, crow-headed birds with slim bodies and long legs, for those showing range paralysis with such symptoms as gray eye with broken pupils. Other things to look for are drooping wings, dragging legs, lemon-colored combs and wattles, and abnormal growths about the body.

All such birds should be culled. Many such birds, however, have salvage value, particularly

ly heavy hens and (if not too light in weight) those having paralysis symptoms.

Four-H Sewing Leaders

A 4-H Sewing Leader Training Meeting was held at the Singer Sewing Center in Hazard on Jan. 17. Melda Combs, of the Singer Sewing Center, gave leaders instructions in the adjustments, care and use of sewing machines. They were also given instructions on such subjects as selecting the proper size of needles and thread size for different types and weights of fabrics, numbers of stitches per inch for different materials for both inside seams and top stitching, and things to look for if sewing troubles develop.

This training program for 4-H sewing leaders is being given by the Singer Sewing Machine Company in cooperation with the Cooperative Extension Service, and the National Committee on Boys and Girls Club Work.

The following leaders were present at the meeting to get the training: June Terry, Busy, Briar Fork Club; Mrs. Chalmer Cornett, Viper, Viper Club; Ola Faye Campbell, Butterfly, M. C. Napier Club; Joyce Campbell, Route 1, Hazard, M. C. Napier Club; Dot Pollard, Blue Diamond, M. C. Napier Club; Bonnie Jean Pollard, Blue Diamond, M. C. Napier Club; Mrs. John Cornett, Route 1, Hazard, Cornett Hill Club; Ruth Cornett, Route 1, Box 40, Hazard, Cornett Hill Club; Mrs. Aileen Spencer, Route 1, Box 40, Hazard, Cornett Hill Club, and Mrs. Brack Feltner, Route 2, Hazard, Sixteen Club.

An instruction booklet on the care and operation of sewing machines was presented to each leader attending the meeting.

A packet of materials and instruction booklet will be furnished to club members in the sewing project.

We are very grateful to the Singer Sewing Center in Hazard for their cooperation in furthering 4-H Club work in Perry County.

Boy Break Arm During Game

Mrs. Sam Ferguson

Mr. and Mrs. Paul Stewart and sons, Maxie and Grover, and a little grandson of Burdine, visited Mrs. Martha Chapman and family, Sunday.

Mr. and Mrs. Pearl Cornett and family, of Hamilton, Ohio, spent the weekend with Mr. and Mrs. John Gabbard and Taylor Cornett.

The father of Mrs. Artho Stout has been very ill. Mrs. Stout took him to a hospital in Louisville, recently.

Mr. and Mrs. Taylor Stidham, of Hazard, visited Mr. and Mrs. Finnie Ferguson, Sunday.

Breaks Arm

Freeman, the son of Mr. and Mrs. Luke Feltner, broke his arm last week while playing basketball.

Jimmie Harper, of Leatherwood, is visiting friends here this week.

Attend Funeral

Mrs. Virgil Helton, and Mrs. Sam Ferguson attended the funeral of Mrs. Logan Deaton Friday at the First Baptist Church in Hazard, and also the funeral of Mr. O. L. Brumbaugh on Sunday at the Baptist Church. Mrs. Deaton used to attend Sunday School and Church here. With her daughter, Mrs. Walker Ingram and family after the Ingrams moved away. Mrs. Deaton didn't come anymore.

Mr. and Mrs. Brumbaugh lived here for some time, before moving to Lexington. Their only child was killed by a car while living there. About two years ago they moved to Hazard, where Mr. Brumbaugh was employed in the Evans' Barber Shop.

Read your county paper and keep well informed.

Smith Returns To Navy School

Pfc. Charles Owen Smith, U.S.M.C., has returned to the Naval Air Technical Training School at Jacksonville, Fla., after having spent the holidays with his parents, Mr. and Mrs. Gabe Smith, of Rowdy.

A former student at M. C. Napier, Smith enlisted in the Marines in 1957 and spent 12 weeks at the Marine Corps Recruit Depot, Parris Island. He entered the Air Technical School, Jacksonville, last year.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers

made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne*) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.* At your druggist. Money back guarantee. *Reg. U.S. Pat. Off.

What Car Has The Best Brakes?

Read this

"After testing a 1958 CENTURY, one of four Buick Series (all but the SPECIAL) equipped with new deeply-finned aluminum front brake drums, it is our agreeable duty to report that these are the best brakes on a Detroit sedan by far that we have tested, and that they are, conservatively, a 100 per cent improvement over conventional Detroit brakes."

Direct quotation from the new issue of SPORTS CARS ILLUSTRATED in a report entitled: "THE SPORTS CARS ILLUSTRATED 1958 AWARD IN RECOGNITION OF OUTSTANDING ACHIEVEMENT AND SIGNIFICANT CONTRIBUTION IN THE AUTOMOTIVE FIELD PRESENTED TO THE BUICK MOTOR DIVISION GENERAL MOTORS CORPORATION, FOR MAJOR ADVANCES IN BRAKES."

NOW — more than ever — When better automobiles are built Buick will build them

22 emergency stops from 60 mph — and Buick's brakes still effective!

As a result of this grueling brake test, SCI stated: "We find it the rule for Detroit sedans to brake quite efficiently for the first few stops, but then they deteriorate rapidly." But here's what happened in the Buick Century 22 "crash stops" were made from 60 MPH, and afterwards, the brakes were still fully effective. Says SCI: "This was by far the most severe test we ever have submitted a sedan's brakes to, but after it was over the Buick's brakes functioned perfectly. . . . Buick has done it, has achieved a much better product, and has set a new standard of brake quality for Detroit."

*"Crash Stop" — fastest full stop possible for a car traveling at a given speed.

CARD OF THANKS

We wish now to take the time to express our many thanks to all who were so kind and good through Ronnie's illness, especially the doctors and nurses in the Hazard Miner's Memorial Hospital, who did everything they could to make him comfortable in his last hours. Also our many neighbors and friends who gave him many gifts and visited him often. He enjoyed seeing them come, never complaining of his illness. We miss him greatly, but we feel he has a better home than we could provide. Written by his lonely parents. Mr. and Mrs. Kirby Whitaker

4-H Club Holds Regular Meet

Janice Wooten

At the last 4-H Club meeting, the leader taught us a new game, the name of it was Simon Said Thumbs Up. The secretary called the roll and read the minutes of the last meeting. Talks were given by club members and officers.

When we went to the Bowman Memorial Methodist Church in Hazard, a talk was given by Mr. James A. Newman, Extension Specialist in forestry from U.K.

Personals

Mr. and Mrs. Orville Lucas, Dayton, Ohio, were recent visitors of Mr. and Mrs. Woolery Calphell.

Mrs. Ella Campbell returned to Dayton with them to spend two weeks visiting relatives and friends there.

Jones Receiving Federal Applications For Civil Service Positions

Mr. Sherman Jones, Examiner in Charge, U. S. Post Office, Hazard, announces that he will receive applications from persons in the community to take the Federal Service Entrance Examination to be given on February 8. Application should be made before January 23. He urges college graduates, seniors, juniors and other persons with equivalent experience and education to apply to him. The applications may be mailed by applicants directly to the Sixth U. S. Civil Service Region, U.S. Post Office and Courthouse, Cincinnati 2, Ohio, or may be given directly to Mr. Sherman Jones for mailing. The Federal Service Entrance Examination is designed to bring into the Federal Service each year the best of the Nation's young college graduates into positions which offer them advancement and career opportunities. Mr. Jones stressed that college seniors and juniors should take the examination now, before their graduation. Seniors, on graduation, will already have their names on the Commission's registers, and will be able to consider offers of appointment. Juniors may have opportunity for summer employment in Federal agencies. Mr. Jones emphasized that the Federal Service Entrance Examination is not the only entrance examination for college graduates or those with equivalent education and experience. Engineers, physicists, chemists, accountants, and certain other technical personnel are recruited through other examinations. If you have primary interest in and training for such special fields, Mr. Jones will gladly show you the appropriate announcement and how to file for any position.

Hindman Man Completes Boot

(HTNC)—Odean Everidge, son of Mr. and Mrs. Dee Everidge of Hindman, and husband of the former Miss Herma Terry of Hindman, graduated from recruit training Jan. 10 at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

ROWDY
